

A

| mRNA   | Protein  |           |
|--|--|-----------|
| 1.structural constituent of ribosome <input type="checkbox"/><br>2.structural molecule activity <input type="checkbox"/> |  | lowMg     |
|  |  | highMg    |
|  | 1.structural constituent of ribosome <input type="checkbox"/><br>2.structural molecule activity <input type="checkbox"/> | highNa    |
| 1.structural constituent of ribosome <input type="checkbox"/><br>2.structural molecule activity <input type="checkbox"/> |  | glycerol  |
|  |  | gluconate |
| 1.structural constituent of ribosome <input type="checkbox"/><br>2.structural molecule activity <input type="checkbox"/> |  | lactate   |

B

| mRNA | Protein  |           |
|------|--|-----------|
|      |  | lowMg     |
|      |  | highMg    |
|      | 1.structural constituent of ribosome <input type="checkbox"/><br>2.structural molecule activity <input type="checkbox"/> | highNa    |
|      |  | glycerol  |
|      |  | gluconate |
|      |  | lactate   |
